EXPENSE REDUCTION COST SERVICES

HELPING NON-PROFITS REDUCE COSTS

Every effort will be made to create a claim with any overcharges billed as far back as between 3 and 5 years. Should we not succeed in our efforts to obtain a credit for overcharges there will be absolutely no cost.

Should we in fact be able to create a claim, and only after the credit appears on the statement of the vendor to the client, will an invoice for 50% of the credit be paid by the Synagogue upon receipt.
